- Proven track record in **designing and implementing efficient, intuitive user interfaces** for web applications, leveraging cutting-edge technologies.
- Expertise in **HTML/HTML5, CSS/CSS3, SASS, JavaScript, React JS, Redux, jQuery, JSON, Node.js, Ajax, and Bootstrap**.
- Skilled in **MERN stack development** with knowledge of MongoDB, Express, and Node.js.
- Proficient in customizing CSS frameworks like **TailwindCSS, React-Bootstrap, and Bootstrap** using SASS.
- Adept at creating **Single Page Applications (SPAs)** with React JS and integrating front-end development with back-end systems.
- Experienced in **version control with GIT** and working collaboratively in team environments or independently.
- Demonstrated ability to **solve complex technical problems**, enhance user experiences, and deliver high-quality, cross-browser compatible web applications.

WORK EXPERIENCE

CBSI Global   16th Jan 2025 – Present
Sr. Frontend Developer

I'm currently working as a contractor with Cognizant in the Health Science domain. For the past four months, I have been working on a project for a US-based client of Cognizant. My primary responsibility is to migrate Angular JS-based plugins into React JS within a parent WordPress website. This involves regular collaboration with multiple teams, following Agile and Scrum methodologies for sprint planning and execution.
